If you have a genuine concern for the safety or welfare of any persons on board this vessel, who have not returned or checked-in within a reasonable amount of time, then follow the step-by-step instructions on the **Boating Emergency Guide** included with this plan, or on the World Wide Web at:

<http://www.uscgaux.org/~floatplan/BoatingEmergencyGuide.htm>

BOATING EMERGENCY GUIDE

You will need the following items before you begin: 1) The **Float Plan**, if one was given to you; 2) **Pen or Pencil**; 3) Clean sheet of **paper** or **writing tablet**; and 4) **Telephone Directory**.

Step 1

Is there a genuine concern for the safety or welfare of any persons on board the vessel, who have not returned or checked-in within a reasonable amount of time?

If YES, continue with **Step 2**. If NO, then **Stop**. No further action is required at this time.

Step 2

Were you given a prepared Float Plan by anyone onboard the vessel?

If YES, continue with **Step 3**. If NO, then go to **Step 5**.

Step 3

On the Float Plan, locate the two contact lines, below the "Itinerary" at the bottom of the Float Plan. Call the telephone number of Contact-1.

IF:	THEN:						
A person answered the phone...	Take notes during your conversation.						
	1. Let the person know that you are responding to a late return or check-in by the individuals designated on the Float Plan.						
	2. Determine if the person you are talking to, or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.						
	3. Are you still concerned about the safety or welfare of any persons on board the vessel?						
	<table border="1"> <thead> <tr> <th>IF:</th> <th>THEN:</th> </tr> </thead> <tbody> <tr> <td>Yes</td> <td>Continue with Step 4.</td> </tr> <tr> <td>No</td> <td>Stop. No further action is necessary at this time.</td> </tr> </tbody> </table>	IF:	THEN:	Yes	Continue with Step 4 .	No	Stop . No further action is necessary at this time.
IF:	THEN:						
Yes	Continue with Step 4 .						
No	Stop . No further action is necessary at this time.						
Otherwise...	Continue with Step 4 .						

Step 4

Call the telephone number for Contact-2.

IF:	THEN:						
A person answered the phone...	Take notes during your conversation.						
	1. Let the person know that you are responding to a late return or check-in by the individuals designated on the Float Plan.						
	2. Determine if the person you are talking to, or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.						
	3. Are you still concerned about the safety or welfare of any persons on board?						
	<table border="1"> <thead> <tr> <th>IF:</th> <th>THEN:</th> </tr> </thead> <tbody> <tr> <td>Yes</td> <td>Continue with Step 6.</td> </tr> <tr> <td>No</td> <td>Stop. No further action is necessary at this time.</td> </tr> </tbody> </table>	IF:	THEN:	Yes	Continue with Step 6 .	No	Stop . No further action is necessary at this time.
IF:	THEN:						
Yes	Continue with Step 6 .						
No	Stop . No further action is necessary at this time.						
Otherwise...	Continue with Step 6 .						

Step 5

Take a moment to jot down the facts you know about each item in the checklist below:

Do not speculate! Speculation of a fact may mislead search and rescue personnel and add to the overall search and rescue time, adversely affecting the outcome.

- Period of time the vessel has been overdue.
- Purpose of the trip or voyage.
- Description of vessel (color, size, shape, etc.)
- Vessel's departure point and destination.
- Places the vessel planned to stop during transit.
- Navigation equipment on board (such as GPS, Compass, Maps, Charts, LORAN C, etc.)
- Survival equipment on board (life jackets, EPIRB, flares, etc.)
- Number of people on board the vessel, as well as personal habits e.g. dependability, reliability, etc.
- Was the vessel already moored, or did a vehicle tow it to the location?
- License plate number and description of the vehicle of the towing and/or crew transport vehicle.
- Communications equipment on board including radio frequencies monitored, cellular telephone numbers of people aboard.
- Additional points of contact in the area.
- Were there any pending commitments (work, appointments, etc.)?

Continue with **Step 6**.

Step 6

1. Contact your local Law Enforcement agency.
 2. Let the dispatcher know that you are responding to a late return or check-in by the persons on board.
 - a. The dispatcher will guide you from there. The dispatcher will provide you with the necessary contact or agency connection (if one was not given on the Float Plan) to get a Search And Rescue (SAR) mission started. This is usually handled this way because it puts you closest to the agency conducting the rescue mission, eliminating an unnecessary middleman.
 - b. The dispatcher will let you know if they would like a follow-up call from you on the outcome.
 3. The dispatcher will instruct you from there.
- Continue with **Step 7**.

Step 7

Be patient... you've done everything you can possibly do for now. Stay off of the phone, so emergency personnel can contact you with additional information and/or questions concerning the Search And Rescue (SAR) effort.
